

Pre-Admission GUIDELINES FOR
BACHELOR OF SCIENCE IN NURSING
 (September 2023 intake)

Program Admission Process

Admission is selective and competitive. Not all applicants who meet the minimum requirements are accepted to the program. When selecting students for the BScN, the Selective Admissions Committee considers the applicant's academic performance plus completion of the CASPer situational judgement assessment tool. More information is available in the FAQ section of the TRU website: <https://tru.ca/nursing/programs/bsn/faq.html>

Application Deadline: January 31 – Late applications will not be accepted.

SELECTIVE ADMISSION PROCESS

Education Ranking Guidelines

Two categories for consideration: High School and Post-Secondary. Applicants will be ranked by GPA. Seat allocation is based upon annual applicant pool. The following is a *GUIDELINE only*.

Post-Secondary applicants are students presenting a minimum of 12 credits of post-secondary coursework and satisfy **the 4 post-secondary admission requirements**. Students must attain a core average of 3.0 for consideration:

- a. Satisfying a minimum of 3.00, students with 12 to 27 credits are ranked according to their overall GPA.
- b. Satisfying a minimum of 3.00, students with 30 credits will be ranked according to their overall GPA. If presenting more than 30 credits, the GPA will be calculated on the last 30 credits of coursework completed.

Current High school applicants are required to complete the **5 secondary school admission requirements generating the GPA for consideration**. Seat allocation is based upon the annual applicant pool.

- a. Students who have graduated high school presenting UPrep/ABE coursework, are placed into this category. If courses are repeated, the highest mark will be used for ranking. A blend of UPrep/ABE AND high school courses may be used.
- b. Students with 9 credits of post-secondary coursework are placed in this category. GPA from these courses will not apply.

GRADUATION FROM THE BACHELOR OF SCIENCE NURSING – REQUIRED

INSTITUTIONAL LEARNING OUTCOMES

Note, once you secure a seat in Nursing, to graduate students will be required to satisfy 8 Institutional Learning Outcomes (ILO's) plus a Capstone course (27 credits).

To find out if these requirements apply to you, please refer to DegreeWorks (available through [myTRU](#)) or contact your Program Advisor for more information.

If you are required to satisfy the ILOs, you must have courses that meet the following requirements:

- 1 course for each of the eight Institutional Learning Outcomes
- Of those 8 courses, a minimum of 4 (1 in each theme) must be outside the discipline.
- Of those 8 courses, one must also be designated as high impact.
- You must also complete the Capstone course in the final 30 credits of your study.

How do I search for an ILO course?

Visit the [course schedule](#) and select a term. On the following screen, click the [Attribute](#) box and select an ILO.

NOTE: Students will require 1 more course from an outside category within the Exploration theme. This can be done by taking a 1000 or 2000 level elective or by taking an upper-level elective while in the program. Careful course selection is key. Please refer to the post-secondary options listed above. DegreeWorks can assist with identifying the coursework to meet these categories (available through [myTRU](#)) or connect with your Program Advisor for more information.
