Bats, turtles and data: what TRU student researchers are studying this summer

TRU students Paul Bouthillier, Adrianna Griep, Sara Lawrence, Cole McCaskill, Kiara McDonald, Aniket Mondal, Abu Harera Nadeem, Alexa Wiebe, Foster Wynne, Marissa Yoneda, Heather Heales and Mathieu Lizee have been awarded NSERC Undergraduate Student Research Awards to support faculty research over the summer. [Read more](#)

Minister sees future of TRU's green initiatives first hand

During a recent visit to campus, BC Minister of Energy, Mines and Low Carbon Innovation, Bruce Ralston, learned how TRU strives to blend practical trades training with academic learning and how the University's growing emphasis on research will yield the province significant dividends. [Read more](#)

Recognizing the role of Indigenous nurses

BC Indigenous Nurses Day was recognized for the first time on Sunday, April 10, due to the efforts of dedicated nurses like Master of Nursing student Nikki Hunter-Porter and Elder Rose Miller. [Read more](#)

TRU highlights food security programs for Ag Minister

When BC Minister of Agriculture and Food, Lana Popham, recently visited TRU, she discovered how the university is making a difference in local food production through initiatives in Culinary Arts, Retail Meat Cutting and Sustainable Ranching programs. Faculty conducting research into sustainability include Department of Natural Resource Sciences faculty members Drs. John Church and Lauch Fraser. [Read more](#)

Education: a maternal influence?

Dr. Ehsan Latif from the Bob Gaglardi School of Business and Economics looks at how mothers who graduate from university pass on educational advantages to their daughters, but not their sons. [Read more](#)

TRU research studies disaster-resilient communities

Dr. Bala Nikku from the School of Social Work and Human Services will look at community science and social work in natural hazards and disasters after receiving a SSHRC NFRF grant. [Read more](#)

TRU recognizes Dr. Matthew Reudink

On March 29, TRU recognized Department of Biological Sciences Co-Chair and newly appointed tripartite professor Dr. Matthew Reudink at the university's first Inaugural Professorial Lecture for 2022. [Watch the video](#)

TRU's new 2022-27 Strategic Research Plan

TRU is entering a new phase where our research is advanced not only by individual scholars and projects, but also by [strategic partnerships](#), collaborations and international networks. TRU's new 2022-27 Strategic Research Plan articulates the key challenge areas where we will strive to make significant contributions during the next five years. [Read more](#)

Update on Essential Travel – Message from the Provost

Essential travel is important for research, conferences, field experiences and many other rich opportunities for students, faculty and staff. TRU continues to follow the advice of the federal government and travel requests will be handled [as follows](#) for the foreseeable future.

Research security

Open and collaborative research environments may be vulnerable to abuse through theft of data and cyber threats. As a researcher, it is important for you to take reasonable measures to safeguard your work. The following Government of Canada sites provide some guidance on how to better protect yourself:

[Safeguarding your research](#)

Mitacs Training: April – June 2022

Sign up for Mitacs facilitated sessions now to gain the soft skills needed to make your project a success. Graduate students and post-doctoral fellows are invited to register by creating an account or logging in to Mitacs' learning management system [EDGE](#). For any questions, contact training@mitacs.ca.

Date: Wednesday, April 27, 2 – 4 p.m. PDT

Session: Building your project network map

Course bundle: Networking skills

self-paced e-learning: Advance your reach

Date: Wednesday, May 11, 10 a.m. – 12:30 p.m. PDT

Session: Applying the principles of sound leadership and team building

Course bundle: Leadership skills

Self-paced e-learning: High performing leadership and teams

Date: Thursday, May 19, 2 – 4 p.m. PDT

Session: Refined project communication plan

Course bundle: Communication skills

Self-paced e-learning: Enhance your communication skills

Date: Friday, June 10, 2 – 4 p.m. PDT

Session: Project and time management

Course bundle: Project and time management

Self-paced e-learning: Spur your project and time management skills

Dr. Sherman Jen Graduate Entrance Award

Value: Eight awards at \$6,000 each

Deadline: Wednesday, June 1

These awards are given to students who show outstanding academic achievement in prior course work and research. The selection also takes into account leadership activities. To be eligible, students must be entering their first year of full-time graduate studies in the Master of Science in Environmental Science, Master of Education or Master of Science in Data Science programs. [Learn more](#)

Environment Canada Atmospheric and Meteorological Undergraduate

Value: \$1,000

Deadline: Wednesday, June 1

This award provides a supplement to students who have been awarded a USRA to complete studies in atmospheric or meteorological sciences. [Learn more](#)

Canadian Institutes of Health Research (CIHR) 2022 Webinars for Trainees in Health Research

These sessions will answer questions on Health Research award requirements and provide guidance on the application process. [Learn more](#)

Date, Time and Duration:

Tuesday, June 14, 10 a.m.- 11 a.m. PDT - [Join](#)

Thursday, June 16, 7 a.m. - 8 a.m. PDT - [Join](#)

Little Lectures, Big Ideas

Join a selection of TRU's top academics from the Faculty of Arts for Little Lectures, Big Ideas—an exciting, in-person, mini lecture event. Space is limited, so register as soon as possible to reserve your spot. [Read more](#)

Date, Time, Duration and Location:

Thursday, May 5, 6:30 p.m. - 9:00 p.m. at the Paramount Theatre (503 Victoria Street, Kamloops)
